- Stainless Steel 316L material
- Single or dual switching levels
- M12 4 pin connection for quick connection to circuit
- Process temperatures up to $135^{\circ} \mathrm{C}$

## Technical Specification

| Mounting style | Internal | Connection | M12 4pin |
| :--- | :--- | :--- | :---: |
| Mounting thread | M16 | Maximum Temperature | $135^{\circ} \mathrm{C}$ |
| Float \& Stem material | 316 grade SS | Sealing gasket | Nitrile |
| Maximum pressure | 10 bar (up to 500 mm length) | Tightening torque for fixing nut $2.0 \mathrm{~kg} / \mathrm{cm}$ |  |
| Float SG | 0.7 | Minimum fluid SG | 0.8 |

## Electrical Specification

| Contact Form |  | N/0 (N/C) |
| :--- | :--- | :--- |
| Switching Power Max | VA | 25 |
| Switching Voltage AC Max V | 250 |  |
| Switching Voltage DC Max V | 120 |  |
| Switching Current Max | A | 0.6 |

All ratings are for resistive load only.

| Standard Parts | Upper Level | Lower Level | Total Length | Application |
| :--- | :--- | :--- | :--- | :--- |

| SSF67B50B100PM12 | 50 mm | 100 mm | 127 mm | Fill control |
| SSF67B50B150PM12 | 50 mm | 150 mm | 177 mm | Fill control |
| SSF67B50B200PM12 | 50 mm | 200 mm | 227 mm | Fill control |

Custom versions can be made for particular applications. Please contact Cynergy3 with your requirements.

The SSF67 has been designed to give the user a long reach float switch with a number of switching options, to cater for a wide variety of system requirements. Manufactured in Stainless Steel 316L material, these switches are suitable for use in many aggressive liquids or hygienic applications.

These are now available with industry standard M12 round 4 pin connectors.
The single float version gives high (make on rise) and low (make on fall) level indications for alarms and controls systems.

The dual float versions give either make on rise for both high and low levels (used for tank emptying control) or make on fall for both high and low levels (used for tank filling control).

The switches are screw mounted vertically via M16x2 thread, so require access to the inside of the tank.
