

Generic photo of the product

Main technical characteristics of this part number

Family	XCS-A
Type of movement	Translation
Unlock actuator	Without
Product supply	-
Type of actuator	Right key
Position of the operator	-
Type of contact	1 N/O+2 N/C break before make
Type of signaling	1 LED orange
Cable entries	1 entry 1/2" NPT
Connection	Terminal screw-clamp
Material - case	Metal
Body dimensions (mm)	40 x 113.5 x 44
Mounting method	2 slots Ø7.3 x 5.3
Type of body	Confined
Mechanical life	> 1 million operations
Switching angle	-
Contact	With dependant action
Positive operation contact	Yes
Auxiliary contact	Without
Indicator lamp supply	AC or DC 24/48 V
Temperature of operation	-25... + 70°C
Degree of protection	IP67
Mechanical conformity	IEC 68-2-6. IEC 68-2-27
Certifications	UL-CSA
Product standards	IEC/EN60947-5-1 IEC60947-5-3
Machine standards	IEC/EN60204-1/EN1088/EN292

Generic description of the product

Preventa XCS key switch

Metal or plastic safety switches
with tab wrench for mounting on door or housing of a machine with or without inertia.
