## solenoid valve VUVG-B14-B52-ZT-F-1R8L Part number: 574246

**FESTO** 

This type is suitable for vacuum.

## **Data sheet**

| Feature                                    | Value  |
|--|--|
| Valve function                             | 5/2 bistable   |
| Type of actuation                          | electrical   |
| Valve size                                 | 14 mm  |
| Standard nominal flow rate                 | 570 680 l/min  |
| Operating pressure                         | -0.9 10 bar  |
| Design structure                           | Piston slide   |
| Protection class                           | IP65   |
|  | with plug socket   |
| Authorisation                              | RCM Mark   |
|  | c CSA us (OL)  |
|  | c UL us - Recognized (OL)  |
| Nominal size                               | 5.6 mm   |
| Exhaust-air function                       | throttleable   |
| Sealing principle                          | soft   |
| Assembly position                          | Any  |
| Manual override                            | detenting  |
|  | Pushing  |
|  | Covered  |
| Type of piloting                           | Piloted  |
| Pilot air supply                           | external   |
| Pilot pressure                             | 1.5 8 bar  |
| Suitability for vacuum                     | Yes  |
| Switching time reversal                    | 8 ms   |
| Duty cycle                                 | 100%   |
| Max. positive test pulse with logic 0      | 700 µs   |
| Max. negative test pulse with logic 1      | 900 µs   |
| Characteristic coil data                   | 24 V DC: 1 W   |
| Permissible voltage fluctuation            | +/- 10 %   |
| Operating medium                           | Compressed air in accordance with ISO8573-1:2010 [7:4:4]                                       |
| Note on operating and pilot medium         | Lubricated operation possible (subsequently required for further operation)                    |
| Vibration resistance                       | Transport application test at severity level 2 in accordance with FN 942017-4 and EN 60068-2-6 |
| Shock resistance                           | Shock test with severity level 2 in accordance with FN 942017-5 and EN 60068-2-27              |
| Restriction ambient and medium temperature | -5 - 50 °C   |
| ·  | Without holding current reduction  |
| Corrosion resistance classification CRC    | 2 - Moderate corrosion stress  |
| Medium temperature                         | -5 60 °C   |
| Pilot medium                               | Compressed air in accordance with ISO8573-1:2010 [7:4:4]                                       |
| Ambient temperature                        | -5 60 °C   |
| Product weight                             | 89 g   |
| Electrical connection                      | Via electrical connection plate  |
| Mounting type                              | on manifold rail   |
| Materials note                             | Conforms to RoHS   |
| Material seals                             | HNBR<br>NBR  |
| Material housing                           | Wrought Aluminium alloy  |
