ball valve **VZBE-11/4-T-63-F-3L-F05-V15V15**Part number: 4834293

FESTO

Stainless steel, $3/2\mbox{-way, nominal width }11/4\mbox{\,\sc n}$, top flange F05, PN63, ASME B1.20.1 - NPT.

Festo is only a retailer of this product, not the manufacturer.

Data sheet

Design structure Type of actuation Sealing principle Assembly position Mounting type Line installation Process valve connection Slot direction = flow direction Flange hole pattern Flo5 Inside diameter Nominal diameter DN 32 Valve function Nominal diameter DN Nominal diameter N Signature of process valve Breakaway torque at differential pressure, nominal pressure, process valve PN Based on the standard ASME B1.20.1 ISO 5211 Medium Wapour Compressed air in accordance with ISO8573-1:2010 [-:-:-] Inert gases Water Neutral fluids Medium temperature Poymath Medium Contains PWIS substances Contains PWIS substances Conforms to RoHS Material housing Material nousing Material number for housing Material soute In Medium mechanical mechanical mechanical mechanical soft Any mechanical soft Any mechanical soft Any Line installation personal eliment sales soft Any Line installation personal eliment sales soft Any Line installation Flow direction Any Sam Belloudine mechanical soft Any Line installation Flow direction Any Any Any Any Any Mechanical Any Sam Belloudine mechanical soft Any Any Line installation Flow direction Any Sam Belloudine Sam Belloudine To Sam Shelloudine Sam Belloudine To Sam Shelloudine To Sam Shelloudine Sam

Material housing Stainless steel casting Material number for housing 1.4408	
Material number for housing 1.4408	
9	
Material Seat Seat	
Material seals PTFE	
Material ball Stainless steel casting	
Material number for ball 1.4408	
Material shaft High alloy steel, non-corrosive	
Material number for shaft 1.4401	
Product weight 2,212 g	
Authorisation CRN	
CE mark (see declaration of conformity) to EU directive pressure devices	
Corrosion resistance classification CRC 4 - Very high corrosion stress
